Read me first

ADHD-Friendly Routine Cards: Morning, Evening & Out-the-Door

Start here: Leave-By Planner (page 6)

Fill it once: leave time − total minutes − 10 min buffer = the time you start getting ready.

Your 12 files: 9 PDFs + 3 bonus phone wallpapers

File	Pages	Use it for
Routine-Planner_Letter.pdf	28	Print · US Letter, black & white
Routine-Planner_A4.pdf	28	Print · A4, black & white
Routine-Planner_iPad-Pastel.pdf	28	iPad / tablet · pastel colours + side tabs
30-Day-Routine-Tracker_Letter.pdf	31	Print · US Letter, black & white
30-Day-Routine-Tracker_A4.pdf	31	Print · A4, black & white
30-Day-Routine-Tracker_iPad-Pastel.pdf	31	iPad / tablet · pastel colours + side tabs
Routine-Cards_Letter.pdf	5	Print · 16 cards + 2 door signs, US Letter
Routine-Cards_A4.pdf	5	Print · 16 cards + 2 door signs, A4
README.pdf	2	This guide
Phone-Wallpaper-1_Start-By_1179x2556.png	PNG	Bonus lock screen · Start By rule
Phone-Wallpaper-2_Out-the-Door_1179x2556.png	PNG	Bonus lock screen · Keys, Phone, Wallet
Phone-Wallpaper-3_Minimum_1179x2556.png	PNG	Bonus lock screen · the 3 ★ steps

US Letter: US and Canada. A4: UK, Australia, Europe and elsewhere. iPad Pastel files are for tablets, not printing. Wallpapers: save the PNG to Photos and set it as your lock screen; the text sits below the clock.

Printing

> **Print at 100% / Actual size, not Fit to page.**

- Black & white is fine. The print files use black plus light gray only.
- Only some pages? Type a page range in the print dialog, for example **Pages 5–6** for the Routine Builder and Leave-By Planner.
- The left margin is about 20 mm wide, so you can hole-punch the planner pages.

Routine cards and door signs

- Print on thicker paper (card stock), or print on normal paper and cover the card with clear tape.
- Taped or laminated cards work with a dry-erase marker: tick, wipe, tick again tomorrow.
- Cut on the gray dashed lines. Tape the "Before I leave" sign by the door.

On an iPad

GoodNotes, Notability and other PDF note apps

Import

1. Save **Routine-Planner_iPad-Pastel.pdf** and **30-Day-Routine-Tracker_iPad-Pastel.pdf** to Files.
2. **GoodNotes:** tap + (or Import), choose the PDF, open it as a new notebook.
3. **Notability:** tap Import, choose the PDF; it opens as a new note.

Jump around

- **Planner:** tap a line on Contents (page 2), or a side tab (Contents, Build, Leave-by, Morning, Evening, Door, Week, Hard days, Track, Notes). Tap **Contents** at the bottom of a page to go back.
- **30-day tracker:** tap a Day button on the Index (page 1), or a side tab (Index, Day 1, Day 8, Day 15, Day 22, Day 29). Tap **Index** at the bottom of a page to go back.
- If a tap draws a line instead of jumping, switch to the read-only / view mode (GoodNotes) or the selection or hand tool (Notability), tap the link, then switch back to the pen.
- The black & white print files have the same Contents, Index and footer links, just without side tabs.

Undated

No dates are printed anywhere. Day 1 is the day you start. Missed a day? Skip it and open today's number.

30-day tracker: already filled in

Every Day page prints the 8 Morning steps from Card 01 and the 8 Evening steps from Card 03, with minutes and ★. You only tick. Your own routine is different? Write it once on a blank card (13–16) and tick the rows in order.

Optional: our other planner

The ADHD-friendly printable planner pack is a separate product, not needed for this kit:
