How to use

Five steps. Then just use the pages you need.

1 **Cut out the cards you want (Routine Cards file).**
Start with two: Morning and Evening.

2 **Fill the Leave-By Planner once (p6).**
Leave time minus minutes minus buffer = start time.

3 **Tape the Out-the-Door sign by your door.**
It is page 5 of the Routine Cards file.

4 **Each day: tick the routine, or just its minimum.**
The ★ steps are the minimum version.

5 **Sunday: Weekly Reset (p17).**
Ten small tasks, then pick the week's 3 things.

KEY ★ minimum step ✓ done **N min** = minutes for that step

Routine fell apart? Go to the Restart page (p19). No guilt.

Routine Audit

What already happens? Start from that, not from zero.

e.g. Make coffee · **Y** · 5 min. Every Y is a step you already have.

#	Thing I do	Usually happens?	Minutes
1		Y Sometimes N	min
2		Y Sometimes N	min
3		Y Sometimes N	min
4		Y Sometimes N	min
5		Y Sometimes N	min
6		Y Sometimes N	min
7		Y Sometimes N	min
8		Y Sometimes N	min
9		Y Sometimes N	min
10		Y Sometimes N	min
11		Y Sometimes N	min
12		Y Sometimes N	min

Build on the Y rows first (Routine Builder, p5).

Routine Builder

One routine, one page. Write the minutes for every step.

Use a phone timer. Time each step once, on a normal day.
