Frequently asked questions

How many people can play?

8 to 16 players each get their own character, plus the host as the Inspector. For 17 to 20 players, extra guests use the four Gossip Guest cards.

How long does it take?

About 2 to 2.5 hours with a food break. A New Year's Eve run sheet puts the unmasking at about 11:30 pm.

Is it work-friendly? What age is it for?

Yes. Ages 12+. It is a cozy mystery with no gore, no weapons, no romance subplot and no drinking storyline, so it suits offices, families and birthdays.

Can the host play too?

Yes. You play Inspector Sloane Whitaker, read the scripts and question the suspects. The answer is sealed in file 99, so you can solve it with everyone.

Do the roles suit any guest?

Yes. All 16 names are gender-neutral and every character has a suit style and a dress style.

What if someone cancels?

The Host Guide has a removable characters table and a plan for last-minute changes.

Letter or A4? Black and white?

Both paper sizes are included as separate folders. Everything prints clearly in black and white; print at 100%.
