

Hook Library: 128 hook templates with 103 filled examples

8 niches × 8 hook types × 2. The same hooks that are inside the Build tab of the tool, laid out for printing, highlighting and pinning above your desk.

How to read each entry

A [NUMBER] things about [TOPIC] your history class skipped.

| FILLED EXAMPLE Three things about Roman roads your history class skipped.

Template line (bold): words in [BRACKETS] are blanks you replace with your own topic and details.

Filled example (blue bar): one way the blanks could be filled, so you can see a finished hook. 103 of 128 templates have blanks; the other 25 are marked *Ready as written*.

Check any fact you put into a hook before you post it. Numbers are never filled in for you: use a figure you have verified yourself.

16 CTA templates and 8 loop endings

No CTA promises results. Swap any of these into the CTA segment in the Build tab.

CTA templates

1. Follow for part two.
2. Follow if you want the next one.
3. Comment what you would have done.
4. Comment your guess before the next video.
5. Check the comments for the follow-up.
6. Save this so you can find it later.
7. Share this with the friend who needs it.
8. Watch it again. The clue was in the first line.
9. The next video picks up right here.
10. Follow so you don't miss what happens next.
11. Which one surprised you most? Comment below.
12. Drop a question below for a future video.
13. Follow for more [\[NICHE TOPIC\]](#) like this.
14. Rewatch and see if you catch it now.
15. Part two is up next on my profile.
16. Now go back to the start and listen again.

Loop endings (one per niche)

A loop ending leads the viewer back to your first line, so the video plays again.

Reddit-Style Stories	And that's why I still think about that night...
