> The 26 Paychecks file gives each paycheck three pages: a Paycheck Plan, a Week A check-in and a Week B check-in. Paid every 2 weeks, that is one year; on an iPad you never duplicate a page. The two iPad-Pastel files have the same pages in soft section colours with side tabs. They are made for the screen; print the black & white files instead.

HOW TO PRINT

- Pick your size: US Letter (US, Canada) or A4 (UK, Europe, Australia and elsewhere). The A4 files are laid out for A4, not shrunk.
- Set scale to **Actual size / 100%**, not 'Fit to page'. Black & white or grayscale is fine.
- To print only some pages, type a page range in the print dialog, for example **Pages 10–12**, or **Pages 2–4** of the 26 Paychecks file for one paycheck.
- Wallet cards: print at 100%, ideally on thick paper or card stock, and cut on the dashed lines (marked 'cut'). Each card is 3.5 × 2 in (89 × 51 mm).
- The left margin is wider (about 20 mm) to leave room for a hole punch.

GOODNOTES AND NOTABILITY (IPAD)

1. Save the PDF to Files (or open the ZIP in Files and tap it to unzip).
2. **GoodNotes:** tap + (New) → Import, pick the PDF. **Notability:** tap Import (or the + menu) → pick the PDF.
3. Best on iPad: the two **iPad-Pastel** files. Tap any side tab, or Contents / Index, to jump.
4. Planner: on page 2 (Contents), tap any line to jump to that page. Tap **Contents** at the bottom of any page to go back.
5. 26 Paychecks: on page 1 (Paycheck Index), tap **Plan**, **Week A** or **Week B** for a paycheck. Tap **Index** at the bottom of a page to go back.
6. In GoodNotes, links respond in read-only mode (tap the pen icon to switch off writing), then switch writing back on.

MONEY NOTES

> **Never write full account numbers or passwords in this planner.**

Use any currency. Amount columns have no currency sign. $ only appears in the Okay to spend boxes and in two short labels (Target $, Each box = $), so pounds, euros or Australian dollars work just as well.

A planning tool, not financial advice. It does not recommend any product or way to pay off debt.
