23 Kitchen Reset: 3 Tasks
24 My Recipe
25 Who Eats What
26 Weekly Food Review
27 Restart Page
28 Notes

> The 60 meals on pages 5–9 are the same 60 meals on the cards, in the same order. The 12-week file gives you 12 ready-made Weekly Plan + Grocery List pairs, so on an iPad you never duplicate a page.

HOW TO PRINT

- Pick your size: US Letter (US, Canada) or A4 (UK, Europe, Australia and elsewhere). The A4 files are laid out for A4, not shrunk.
- Set scale to **Actual size / 100%**, not 'Fit to page'. Black & white or grayscale is fine.
- To print only some pages, type a page range in the print dialog, for example **Pages 5–9** for the five Meal Library pages, or **Pages 11–12** for one week's plan and grocery list.
- Meal cards: print Meal-Cards at 100%, ideally on thicker paper or card stock, and cut on the dashed lines (marked 'cut').
- The left margin is wider (about 20 mm) to leave room for a hole punch.

GOODNOTES AND NOTABILITY (IPAD)

1. Save the PDF to Files (or open the ZIP in Files and tap it to unzip).
2. **GoodNotes:** tap + (New) → Import, pick the PDF. **Notability:** tap Import (or the + menu) → pick the PDF.
3. Planner: on page 2 (Contents), tap any line to jump to that page. Tap **Contents** at the bottom of any page to go back.
4. 12-week file: on page 1 (Week Index), tap **Plan** or **Groceries** for a week. Tap **Index** at the bottom of a page to go back.
5. In GoodNotes, links respond in read-only mode (tap the pen icon to switch off writing), then switch writing back on.

FOOD AND ALLERGIES

Check labels for allergies; this is a planning tool, not nutrition advice. The meal lists are everyday ideas with common ingredients. Swap anything you or your household can't eat.

LICENSE AND REFUNDS

Personal use: print as many copies as you like for yourself and your household. Please don't resell, share or upload the files.

Refunds: if the planner doesn't work for you, email **chenphien@gmail.com** within 14 days of purchase for a full refund. Problems with a file or a link? Same address.

Pages 23 and 28 print web addresses of two other Three Things Planners products. They are separate and optional; this meal planner is complete without them.

ADHD-friendly by design: few words per page, big boxes, meals already written. It is an organizing tool and not medical advice.
