2-MINUTE VERSION

for low-battery moments

- ☐ Fill the sink with hot soapy water and let the dishes soak
- ☐ Wipe the counter right next to the sink
- ☐ Put 3 things back where they live

10-MINUTE RESET

the everyday one

- ☐ Load or unload the dishwasher (just one of the two)
- ☐ Clear every counter, then give them one wipe
- ☐ Take the trash out and put a fresh bag in
- ☐ Bin anything expired from one fridge shelf
- ☐ Wipe the stovetop and the fridge handle
- ☐ Sweep the path you walk most

30-MINUTE DEEP

only on a good-energy day

- ☐ Empty the fridge, wipe the shelves, put back what's good
- ☐ Scrub the sink and shine the tap
- ☐ Wipe cabinet doors and the front of every appliance
- ☐ Mop the whole floor

Pick any 3. That counts.

Copy them onto the 3-Task Reset (sample p.1).
