Ages 7+ · A1–B2

2–6 teams · 10–25 min

File: [ESL-Offline-Classroom-Games-Pack/games/01-quiz-board.html](#)

How to play

- 1 Paste your list. Add # **Category** lines to name the columns. Without them, words are shuffled into columns (default 5 × 5; change to 3–6 in Words).
- 2 A team picks a tile, e.g. *Animals 300*. The meaning appears full screen.
- 3 The team says the word. Click **Show answer**, then click the team that earns the points (or press 1–6), or **No points**. Fix scores any time with the **–100**, **+100** and custom buttons (default +50) in the score strip.
- 4 Used tiles turn grey. The highest score wins when the board is empty.

- 5 The **word-lists** folder has 12 ready lists, including Chinese (animals-zh.txt) and Japanese/Korean (food-ja-ko.txt) meanings.

No meanings? Quiz Board, Memory Match and Quiz Choice switch to a word-only mode automatically and show a note at the top.
